# WELCOME TO EASTHAM

Whether it's sunbathing on one of our many beaches, a hike on the Fort Hill Trail, biking on the National Seashore Bicycle Trails, or trying your hand at windsurfing on one of our ponds, you'll discover the beauty and charm that is Eastham.

Henry Beston wrote in his book *THE OUTERMOST HOUSE*, "Touch the earth, love the earth...rest your spirit in her solitary places. For the gifts of life are the earth's and they are given to all, and they are the songs of birds at daybreak, Orion and the Bear, and dawn seen over ocean from the beach."

Those of us who make our home in Eastham welcome you and invite you to "rest your spirit in her solitary places."

## INFORMATION ABOUT EASTHAM

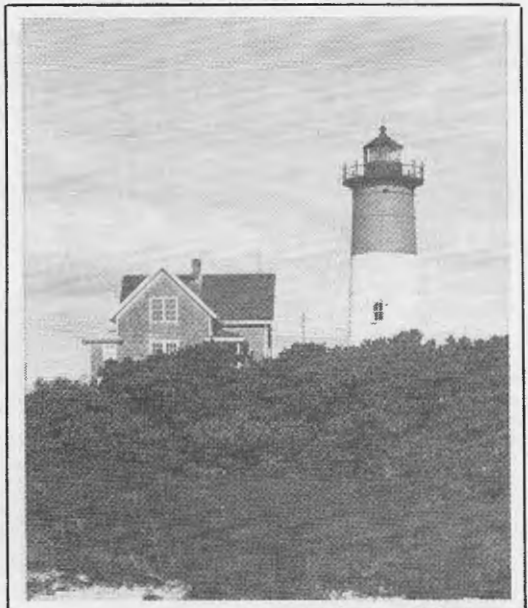

Settled by a handful of people from Plymouth in 1644, Eastham was incorporated in 1651. At this time, the town included the areas now covered by the present towns of Orleans, Brewster, Harwich, parts of Chatham and Wellfleet. From the solitary dunes on the ocean side to the flat bayside..... a distance of three miles .....it covers an area of a little more than 14 miles. It has a population of 3,466 by the 1980 US census count, and like all towns on the Cape, it has a town meeting form of government, with elected Selectmen (three) at the helm. The Fiscal 1984 Tax Rate was set at \$8.45 per thousand, a grand list of \$294,628,109 total assessment, which will produce in revenue to the town, a total of \$2,489,608.41.

# SALT POND 1984

If the lure of the wide open spaces appeals to you, or if the idea of bringing home the bacon in a literal sense is appealing, or even if you are naturally curious about your surroundings, a walk on the flats or salt marsh areas looking for shellfish may be the answer. These creatures, which we often eat without a second thought, come from a very unusual environment and are as varied as can be imagined. Some hide as much as two feet below the surface of the sand, while others can actually swim, carrying their shells with them in search of a better home. Some are designed to withstand a beating by enormous waves while they cling to exposed rocks; others are as fragile as eggshells.

To explore the shore in search of the different rewards to be found there is to gain a little better understanding of the complexities of Nature's design. Shellfishing activity is regulated by each town in Massachusetts. A permit to take shellfish in Eastham may be obtained at the Town Hall and is valid for the year.

For those who are less concerned with being alone, some areas in town are stocked with shellfish and open for limited times. Salt Pond is one such area, and the times are listed below. People with little or no experience will probably still do well quahogging in this area. Also available in Salt Pond are clams, and during some fall seasons oysters may be taken.

A complete set of regulations, measuring rings for the 2" minimum size and Salt Pond time charts are available at Town Hall.

**Non-commercial shellfish on Sundays only.** Sundays not listed here the Salt Pond is open for non-commercial shellfishing all day.

Areas in Salt Pond open only as posted at Town Landing. All other areas in Eastham open at all times between sunrise and sunset, unless otherwise posted.

All sedge grass areas closed to all shellfishing.

Times listed here are Daylight Savings Time.

**LIMIT:** One LEVEL 10-quart pail per family per week.

## THE EASTHAM HISTORICAL SOCIETY

Eastham is one of the oldest towns in the Commonwealth, and among its earliest families were three 'Old Comers' or passengers on the first voyage of the Mayflower. One of its founding families, the Doanes, probably gave the town its present name, since they were from Eastham on the Mersey in Cheshire, England. There are still Doanes living there today.

With its long and varied history, it was only natural and probably inevitable, that the town would find citizens interested in preserving that history and its artifacts. The Eastham Historical Society, since its inception, has managed to acquire many important and interesting collections of memorabilia through the generosity of its citizens and members. These collections are housed in two structures that are historically important in themselves - The Swift-Daley House (c.1741) and the Old Schoolhouse (c.1869). Both buildings are open to the public during the summer months. Entrance fees are reasonable and designed for the family. Members are admitted free, and annual dues are \$2.00. The only requirement for membership is an interest in the aims of the Society.

The Swift-Daley House is located on Route 6 next to the Post Office. Its bowed roof is typical of early houses built by ship's carpenters. The wide board floors, panelling, deep kitchen fireplace, Victorian parlor fireplaces, narrow stairways and other features date to an earlier time. The house is completely furnished, and has a number of interesting collections including clothing, china, local Indian artifacts, quilts, and household equipment. It is open during July and August on Wednesdays and Fridays from 1:30 to 4:30 PM or by appointment (call 255-3380).

The Schoolhouse Museum, directly across from the National Seashore Visitors' Center, is the only remaining one of three schoolhouses, all built in 1869, that served the town until 1936. The building had been abandoned and in disrepair until rescued by the Historical Society and restored through the efforts of local citizens and summer visitors. The Museum contains artifacts from various parts of the town's history; including farming, shipwrecks, the Life Saving Service, the school, and daily life in the town. Archives and oral history material are also stored here, along with Geneological pamphlets sold by the Society. Museum hours are 1:30 to 4:30 PM, Monday through Friday during the summer season (July and August). The Society sponsors some summer programs, and information about them can be obtained through local newspapers and bulletin boards at the Town Hall and the Library.

## One of Eastham's Many Fine Artists

Take Time to Visit  
With Them

## A VISIT TO GIGI POTTERY

If you turn off the road on Route 6, North Eastham, at the red and yellow Pottery sign, and drive down Gigi Lane for about 100 yards, you will be richly rewarded for your adventurous spirit. You will find yourself at Gigi Pottery where you are warmly welcomed by artist-potter Bernie Epstein, who is also part philosopher, teacher, chemist, geologist, and friend. Bernie will invite you to look around, touch, and ask questions. Time appears to stand still as Epstein quietly and determinedly plies his millennium-old craft in a carefree ambience of clay, utensils, pots, and glazes.

On a recent visit to Gigi Pottery, Bernie was found carefully carving imported bamboo handles for a freshly fired tea pot. Within a few minutes a car with four children and two adults drove up to the workshop. As soon as Epstein saw the children, his eyes lit up, the pottery wheel began to spin, and a lump of clay almost magically became a graceful vase as the children watched spellbound.

A look around the pottery shop reveals a charming variety of pottery...all shapes, sizes, colors, and prices. Casseroles, mugs, honey jars, pie plates, chowder bowls, goblets, pitchers, planters, mirrors, clocks, candelabras, and sculptures artfully line the shelves, walls, and entrance way of Gigi Pottery.

Epstein explained that all of his pottery is made of either stoneware or porcelain. Porcelain is a pure white clay that has not been mixed with minerals, whereas stoneware is a variety of clay and minerals.

Epstein is especially proud of his "Chinese red" glazes for which he is well known off Cape Cod as well as on Cape.

As Epstein was explaining how he combines Nauset Beach sand and decomposed granite with his clay to obtain special effects, another car pulled up and a young couple greeted Bernie with a warm, "Hello, we have come back to see your watercolors." They walked out of the shop with their purchases of a painting and mugs, and a farewell greeting of, "See you again next year...we wouldn't leave the Cape without a visit to Gigi Pottery."

Quiet  
Seclusion

Saltaway Cottages are located away from the hustle and bustle of Route 6 and near Cape Cod Bay. Nestled among tall pines, these immaculately maintained Cape housekeeping cottages and new luxurious vacation homes offer tranquility and seclusion.

The cottages are available with one or two bedrooms. Each has a fully equipped kitchen, heat, T.V. and all are of knotty pine construction. The new, modern vacation homes are ideal for the off-season as well.

Saltaway is just a short drive to the National Seashore, ocean and bay beaches, restaurants and other attractions. For further info call or write Dick and Janet Olkkola. Sorry, no pets allowed.

## EASTHAM WEATHER

(As compiled by Cape Cod Chamber of Commerce.)

We in Eastham are fortunate regarding our weather. Situated between the Atlantic Ocean and Cape Cod Bay, the stabilizing effect of both bodies of water tend to keep Eastham cooler in the summer and warmer in the winter than the mainland, or for that matter most of the Upper Cape.

## CHURCH SERVICES

More than three hundred years ago - in 1672 to be exact - Samuel Treat became the town's first minister and thundered his message of hell-fire and damnation. As an historian of the times declared : "His voice was so loud when speaking, it could be heard at a great distance from the meeting house, even in the midst of the winds that blew over the plains of Nauset".

Perhaps not in the thunderous tones of Mr. Treat, yet the church leaders of the present preach their religious philosophies with the same zeal. The following churches are within easy traveling distances:

# CAPE COD RECIPES

## SEAFOOD CHOWDER

Cook slowly in a large pan 6 tablespoons butter and 2 medium onions, chopped. Add one package frozen crab meat or one can crabmeat and liquid, about 30 small shrimp, 1/2 pint shucked oysters, 1/2 pint shucked clams and 1/2 pound haddock cubed. Heat and sprinkle 1/2 cup seasoned bread or cracker crumbs over it. Add 2 medium cooked, diced potatoes. Season to taste. Cook on low heat at least 2 hours. Stir occasionally.

## SCALLOP STEW

Fry one thinly sliced onion lightly in 1/4 pound butter. Do not brown. Add one pint bay or sea scallops cut up and stir slowly. Simmer for a few minutes and set aside. Add one large cooked, diced potato to the scallops. Slowly add one quart milk. Simmer gently for 10 minutes. Season to taste with salt and pepper. Sprinkle with paprika.

## LOBSTER SALAD

Add chopped onion, celery and mayonnaise to shredded lobster meat, just enough to hold meat together. Season with salt and pepper to taste. Fill sandwich or roll.

## BEACH PLUM JAM

Clean 6 cups of beach plums & cook them. Put cooked berries in a sieve and mash them through to make pulp. Make sure the holes are small enough to prevent pits from falling into the pulp. Put pulp and 7 cups of sugar in a large heavy pot and cook until mixture boils. Cook for 5 minutes. Skim off the foam. Cook for 2 minutes and pour jam into scalded glasses or jars. Cover with melted paraffin wax.

## CRANBERRY SURPRISE PIE

Mix together 2 cups whole cranberries, 1/4 cup sugar and 1/2 cup chopped walnuts. Spread in a 10" pie plate.

Mix 2 eggs, 1 cup flour, 3/4 cup melted margarine and 3/4 cup sugar (add dash of cinnamon) and pour on top of cranberries. Bake at 425° for 40 minutes or until done. Serve with whipped cream.

# The True Cape Cod House . . . And Why?

One of the most widely imitated forms of architecture in America is the Cape Cod house, which was created by early settlers on the Cape to meet their requirements of comfort, economy and family expansion. Built close to the ground to withstand winter gales, they invariably faced the south to take advantage of the warm sun and gentle prevailing southwest winds. The true Cape houses are easily identified as being one of three types, as illustrated in the above sketches: the 'half house' with two windows one side of the door; the 'three quarters' with two windows on one side and one on the other side of the door; and the "full Cape" which has two windows on either side of the door.

Each type was built to suit the needs of the owner, his economic position as well as his immediate family needs at that stage in his life. The basic floor plan was simple and allowed for easy expansion as the need arose. They had certain elements in common: the massive chimney, usually of brick, was built opposite the front door and up thru the ridge of the roof. It served all of the fireplaces located in the rooms and the stairway leading to the upper floor. The houses were built of planks generally harvested and hewn from nearby forests; the sides and the roofs were pine shingled and allowed to weather in the salt air to a soft grey color.

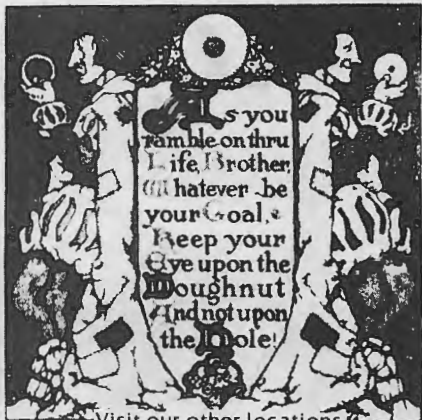

Although there are examples of the 'pure Capes' in our town today, most of the "half houses" and the "three quarters" have had ells built onto them. Without a doubt some of the timber used in these extensions came from dismantled saltworks and shipwrecks. There is a fine display showing models of the three types and their construction at the Cape Cod National Seashore Visitors Center in Eastham.

## EASTHAM PUBLIC LIBRARY

Our Public library has one of the loveliest locations in town. It is located on Samoset Road just west of the Windmill overlooking Long Pond. There is a convenient off-street parking area behind the library.

The original building was built in 1897 by the Village Improvement Society (which explains the inscription over the library door) and was given to the town in 1903. During 1976 the Trustees published a short history of the library, written and researched by Helen Schwind. Copies of this history are still available at the library.

Librarian Jane Eldridge and her staff are available to assist you in book selection, reference help, etc. We are fortunate to have a full time children's librarian in the summer. In addition to helping parents and children choose books, she conducts programs for a variety of ages and interests. This year, for the first time we have records and cassette/book kits in circulation. These new additions to the children's section have been very popular.

The Trustees and the librarian invite everyone to visit the Eastham Library. We are proud of our collection of books: current and older fiction and non-fiction, books about Cape Cod and by Cape authors, an outstanding genealogical research section, and a rapidly growing children's collection.

In addition to books, there is the unique bicentennial quilt made by ladies of Eastham, depicting traditional scenes of Eastham Life.

## COMMON BOND

We are a group of people who found the town of Eastham to be an excellent environment for our summer vacations. Now almost all of us have part-time homes here. We come with our families and friends to relax and enjoy the beauty of the surf, the ponds, the beaches and the sun. Many of us dream of a time when we can stay right on after the summer ends and never go back to that busy mainland. This would permit even more enjoyment of the many available town and church sponsored activities. We are rightfully interested in conservation, preservation, and proper utilization of the area along with Town Planning, the efficiency of the Police and Fire Departments, the condition of the beaches, the water supply and the many facets of town government that affect us directly.

## PURPOSE

Our primary objective is to work toward the betterment of the Town of Eastham. Our organization also serves in many instances as a liaison between town officials and non-resident taxpayers. We send out newsletters and hold two meetings during the summer to discuss our views with representatives of the Selectmen, Town Counsel or Finance Committee, National Seashore or a State Legislator. They are not obligated to come to our meetings, but they do so. They listen, explain, and answer questions. All members have an opportunity to participate.

## ACTIVITIES

Through questionnaires we poll the opinions of members. The Executive Board coordinates the requests for remedial action when required. We are making a sustained effort to allow non-resident taxpayers to vote in Eastham town affairs other than elected officials through submission of bills in the Massachusetts Legislature. If you are a property owner who pays taxes in Eastham, but is not allowed the right to vote here on town budget items, you will undoubtedly be interested in joining our association that now includes approximately half of all the non-resident property owners from 25 states, including Hawaii and Alaska, plus Quebec and Montreal.

## UNITING FOR STRENGTH

If you are not a member, why not join us? The more members we have, the greater our influence. We hope to enlist the entire group of more than 2,000 non-resident taxpayers in Eastham who together contribute some 70% of the town's tax revenue.

## ADDRESS

If you are interested, write to Box 772, Eastham, MA 02642

# **Please. No tears.**

---

Newcomers sometimes cry when they visit us -- they've shopped to the wall elsewhere, and here the Beautiful Things begin! American and continental art glass, M.A. Hadley Pottery, a collector's showing of Russian lacquer boxes, Scottish neckwear tartans, a museum shop of jewelry -- all shoulder to shoulder with Tree's mind opening ceramic tile display. And whether a bronze cheese prong (\$2.50) or an heirloom quality Swiss music box (up to \$2400) nothing is "resort priced," no gifte shoppe stuff. Please, no tears -- just visit Tree's Place first.

Tree's main showroom is at the intersection of Routes 6A and 28, about midway between Hyannis and Provincetown. Take Route 6 and, at the Orleans Rotary, turn toward Orleans about 1/2 mile.
